官方資訊摘要

【Competition Structure】
Part I is a two-day workshop on June 26 and July 3. Students are grouped by assigned Smart City projects and attend targeted sessions with PolyU researchers. Part II is a presentation day on August 14 after approximately seven weeks of project development. All sessions require in-person attendance.

【Projects】
Applicants rank five official project choices covering Smart City topics such as smart buildings, construction and environment. Each team is assigned one project subject to capacity and selection.

【Eligibility and Registration】
S.4–S.5 / Grade 10–11 / Year 11–12 students in the 2025/26 academic year. Teams of 3–5 must be endorsed by their secondary school and may have a teacher advisor. Registration ran March 9–April 13; application results were sent by May 29.

【Judging】
Innovation 20%, feasibility 20%, relevancy 20%, impact 10% and overall presentation 30%.

參賽資格

School-endorsed teams of 3–5 eligible secondary students. Participants must attend the online briefing, both workshop days and presentation day according to the organiser’s arrangements.
