官方資訊摘要

【RoboCup 2027】
RoboCup 2027 will take place at the Nuremberg Exhibition Center from June 17 to 21, 2027. Competition and public visitor days run June 17–20; the RoboCup Symposium is held on June 21.

【RoboCupJunior Leagues】
Soccer teams build autonomous robots that play football; Rescue teams develop robots for line, maze or simulation rescue missions; OnStage teams create an autonomous robotic performance combining technology with dance, storytelling, theatre or games.

【Qualification】
International places are allocated through each region’s Regional Representative. After a local qualifying tournament, qualified teams are invited to register through the RoboCup Federation system. There is no independent direct entry to the international event.

【2027 Rules Status】
As of 2026-08-20, the event dates are official, but the complete 2027 Junior rule set and registration timetable have not yet been published. The attached 2026 Rescue Line rules are preparation material only and must be replaced by the 2027 rules when released.

參賽資格

The 2026 international Junior rules require student members to be 14–19 years old on July 1 of the competition year. Teams have at least 2 members; Soccer and Rescue allow up to 4, while OnStage allows up to 5. Regional Entry / Primary divisions may use different minimum ages.

獎項 / 結果

League rankings and technical awards are determined under the relevant Soccer, Rescue or OnStage rules. Regional qualification must strongly reflect results from local competitions.
