賽事期間	2027-01-12T00:00:00+04:00 至 2027-01-12T23:59:00+04:00

官方資訊摘要

【Global High Schools Category】
The category recognises secondary schools in six global regions that propose student-led sustainability projects in health, food, energy and/or water. Projects must show impact, innovation and inspiration, be operational within one to two years, and benefit the school or local community for several years.

【Application】
The application must be submitted by students and supported by school management. The award funds a future project; it is not for past achievements, school administration projects or general educational reform. Applications were accepted in seven languages.

【2027 Cycle】
Submissions opened January 26 and closed June 22, 2026. Due diligence took place in July, Selection Committee deliberation in August, Jury meeting on September 15, and the Awards Ceremony is on January 12, 2027. The organiser confirmed that submissions are now closed.

【Evaluation】
All entries pass due diligence, Selection Committee assessment and final Jury selection under the criteria of Impact, Innovation and Inspiration.

參賽資格

A recognised high school or secondary school from one of six regions: Americas, Sub-Saharan Africa, Middle East & North Africa, Europe & Central Asia, South Asia, or East Asia & Pacific. The proposal must be student-led and supported by school management.

獎項 / 結果

One school in each of six regions receives USD 150,000 to implement or expand its project. Twelve finalist schools receive USD 25,000 each.

日程
